

Audition requirements

Below are some guidelines and tips to help you create and submit your video audition. We use this process because we know how intimidating it can be to come in and “perform” to an empty room. We realize you may have some questions -- if so, feel free at any time to email us at worship@hermitagehills.com.

[How to Create Your Video]

Vocalists - Simply record yourself singing “Amazing Grace” Acapella, while also singing a modern worship song of your choice along with the mp3 recording playing in the background. While singing along to the worship song, show your ability to sing harmony as well as melody. Below is a list of modern worship songs that would be excellent choices for your submission.

10,000 Reasons – Matt Redman
This is amazing grace – Phil Wickham
Come as you are – David Crowder
Good Good Father – Chris Tomlin
Oceans – Hillsong
Revelation Song – Kari Jobe
Break Every Chain – Tasha Cobbs
Great are you Lord – All Sons and Daughters

We are paying attention to your pitch, tone, rhythm, and ability to sing harmony as well. You don't have to showcase every aspect of your talent, but give us a strong glimpse into your capabilities.

[Video Audition Tips]

If you want to audition for multiple instruments please submit multiple videos. Please keep the video simple (no need to spend lots of time editing it).

Use your phone or small digital camera and just make sure that we can hear your performance and the music clearly. If you're playing along to a MP3 or CD, be sure your instrument can be heard over the recording.

Watch the video back to make sure it's your best performance. Don't submit something that you aren't confident in.

Double check to make sure your privacy settings on the video are set to UNLISTED and make sure you have titled your video correctly.
